How bills are calculated: The minimum charge includes the first 1,000 gallons. Tier 2 applies to the next 5,000 gallons (1,001–6,000), Tier 3 applies to the next 9,000 gallons (6,001–15,000), and Tier 4 applies to usage above 15,000 gallons. Charges are calculated using these block tiers, so only the gallons within each tier are charged at that tier's rate.
